Sir:

In accordance with 37 C.F.R. 1.97(c)(1), the material set forth in the enclosed PTO/SB/08b form is brought to the attention of the Examiner. A copy of this English language document is enclosed.

This document was cited to the European Patent Office in an Opposition proceeding in a counterpart European patent application. The Opposition was filed in the EPO on July 1, 2009 and was reported to the assignee of the subject application on July 15, 2009, which is less than three months prior to the filing of this Supplemental Information Disclosure Statement. A portion of that notification is enclosed.

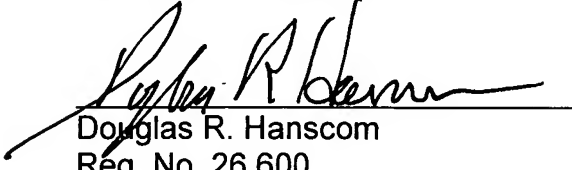

The enclosed document is a more recent version of the document which was filed with the subject application. It is believed to be cumulative of the prior document. It is to be noted that the two German patent documents set forth in the notice from the European Patent Office are already of record in the subject U.S. application.

Entry of this document into the file of the subject U.S. patent application, and its consideration by the Examiner, is respectfully requested.

Respectfully Submitted,

Jens Lochmüller et al.
